

§ 673.3

States is required to give advance notice under Paragraph (5) of Article VII of the Antarctic Treaty.

§ 673.3 Definitions.

In this part:

Antarctica means the area south of 60 degrees south latitude.

Expedition means an activity undertaken by one or more non-governmental persons organized within or proceeding from the United States to or within Antarctica for which advance notification is required under Paragraph 5 of Article VII of the Antarctic Treaty.

Person has the meaning given that term in section 1 of title 1, United States Code, and includes any person subject to the jurisdiction of the United States except that the term does not include any department, agency, or other instrumentality of the Federal Government.

§ 673.4 Environmental protection information.

(a) Any person who organizes a non-governmental expedition to Antarctica and who does business in the United States shall notify expedition members of the environmental protection obligations of the Antarctic Conservation Act.

(b) The National Science Foundation's Office of Polar Programs may prepare for publication and distribution explanation of the prohibited acts set forth in the Antarctic Conservation Act, as well as other appropriate educational material for tour operators, their clients, and employees. Such material provided to tour operators for distribution to their passengers and crew shall be disseminated prior to or during travel to the Antarctic.

§ 673.5 Emergency response plan.

Any person organizing a non-governmental expedition to or within Antarctica who is transporting passengers aboard a non-U.S. flagged vessel shall ensure that:

(a) The vessel owner's or operator's shipboard oil pollution emergency plan, prepared and maintained according to Regulation 26 of Annex I of the International Convention for the Prevention of Pollution from Ships, 1973,

45 CFR Ch. VI (10–1–02 Edition)

as modified by the Protocol of 1978 relating thereto (MARPOL 73/78), has provisions for prompt and effective response action to such emergencies as might arise in the performance of the vessel's activities in Antarctica. Any emergency response plan which satisfies the requirements contained in 33 CFR 151.26 of the U.S. Coast Guard regulations will also satisfy the requirements of this paragraph. If the vessel owner or operator does not have a shipboard oil pollution emergency plan, a separate plan for prompt and effective response action is required.

(b) The vessel owner or operator agrees to take all reasonable measures to implement the plan for a prompt and effective response action in the event of an emergency, taking into account considerations of risk to human life and safety.

PART 675—MEDICAL CLEARANCE PROCESS FOR DEPLOYMENT TO ANTARCTICA

Sec.

675.1 Purpose and authority.

675.2 Medical examinations.

675.3 Medical clearance criteria.

675.4 Waiver process.

AUTHORITY: 42 U.S.C. 1870.

SOURCE: 62 FR 31522, June 10, 1997, unless otherwise noted.

§ 675.1 Purpose and authority.

(a) This part sets forth the procedures for medical screening to determine whether candidates for participation in the United States Antarctic Program (USAP) are physically qualified and psychologically adapted for assignment or travel to Antarctica. Medical screening examinations are necessary to determine the presence of any physical or psychological conditions that would threaten the health or safety of the candidate or other USAP participants or that could not be effectively treated by the limited medical care capabilities in Antarctica.
